(1) Instead of receiving interest on your savings, your qualifying savings and current account balances are offset against your outstanding mortgage balance, so you only pay mortgage interest on the difference between the two.

Although you don’t earn credit interest on your savings or current account, as an example you could effectively achieve the same overall benefit as an account paying 4.01% AER. These figures are based on our standard variable rate and you could receive a higher or lower equivalent rate depending on your current mortgage. Linked accounts could include 1st Account, Everyday Savings Account and Savings Account.

Please note that Everyday Savings Accounts are no longer on sale.

Interest is applied to the net debit position after the balances of all accounts linked with the Offset Mortgage have been aggregated. Credit interest is not paid on accounts linked with the Offset Mortgage. Linked accounts can include 1st Account, Everyday Savings Account and Savings Account. Fixed rate mortgage funds are limited and rates vary according to each offer.

Think carefully before securing other debts against your home. Your home may be repossessed if you do not keep up your repayments on your mortgage.
**Sharedealing**

**Sharedealing rates and fees**

**Account Fee**

£10.50 per quarter (inclusive of VAT). Account Fee payable in respect of each Investment Account, quarterly in arrears.

On the last business day of each quarter you will be charged an Account Fee. Calendar quarters run from January to March, April to June, July to September and October to December.

You will always hold a Taxed Account in order to pay the fee, but holding an ISA Account will be at no additional cost.

**Online trades**

- Transactions in Euro
- Gilts
- Telephone Trades
- UK Equities
- Transactions in Euro
- Gilts
- Frequent Trades - the first 9 trades within a calendar quarter are subject to the standard online or telephone charge as quoted above. All subsequent online trades (in UK equities only) during that calendar quarter will be subject to the frequent user charge.

Trading in Irish equities listed on the London Stock Exchange will attract commission in Euros. For specific details see our rates page at firstdirect.com/shares

**Ancillary fees**

- transfer of securities to another broker/share certificate in the customer's name
- duplicate statements (eg contract notes, Consolidated Tax Certificates/statements)

The value of shares can go down as well as up. You may not get back the amount you originally invested.

**Costs and Charges Disclosure**

Below are the aggregated annualised costs based on an assumed investment amount of £10,000 and an annual growth rate of zero. A breakdown of these costs and charges is available on request. For Investment Trusts and Exchange Traded Funds where any further charges for the product apply, you will be supplied with the relevant Costs and Charges Disclosure Document (where applicable) ahead of any transactions.

We are required to display the total service costs as a percentage value of the total investment amount, based on an investment of £10,000 as an illustration. However, this is a set fee and will be the same regardless of the investment amount.

The below table provides an illustrative view of the cumulative impact of the Total Costs on the assumed investment amount over a period of 3 years with an assumed annual growth rate of zero. The Total Costs will have an impact on your investment return. Whilst performance cannot be guaranteed we are able to give you examples of how the charges will affect what you might get back.

### Account name: Fixed Rate Savings

**What is the interest rate?**

<table>
<thead>
<tr>
<th>Deposit</th>
<th>Interest Rate</th>
</tr>
</thead>
<tbody>
<tr>
<td>£2,000 +</td>
<td>0.70% AER/Gross</td>
</tr>
</tbody>
</table>

Interest is fixed, is calculated daily and credited at the end of the term.

Maturity dates depend on when the account is open - for more details please visit firstdirect.com/savings/fixed-rate-savings

**Can first direct change the interest rate?**

No, once your account is opened the rate will remain fixed for the duration of the term.

**What would the estimated balance be after 12 months based on a £2,000 deposit?**

<table>
<thead>
<tr>
<th>Deposit</th>
<th>Interest Rate</th>
<th>Balance at end of 12 months</th>
</tr>
</thead>
<tbody>
<tr>
<td>£2,000</td>
<td>0.70% AER/Gross</td>
<td>£2,014</td>
</tr>
</tbody>
</table>

For the purpose of this calculation, it is assumed:
- initial deposit of £2,000
- no additional deposits
- no withdrawals
- the interest rate remains the same for the 12 months
- the account matures after 12 months.

Projection provided for illustrative purposes only and does not take into account individual circumstances.

### How do I open and manage my account?

**Eligibility**

- you must hold a first direct 1st Account, our current account, which you must maintain for the duration of the fixed term
- sole or joint accounts permitted.

**How to open the account**

- open an account by phone.

**Minimum/Maximum Balance**

- only one deposit per account
- the minimum deposit is £2,000
- the maximum deposit is £1,000,000.

**How to manage the account**

- once opened you can view your balance in our App or Online Banking. You can manage your account by phone.

### Can I withdraw money?

No partial withdrawals are permitted. You can close your account before the end of the fixed term for a fee of £100. Interest will be paid up to the date of closure. However depending on when the account is closed, you may get back less than you deposited.

At the end of the fixed term, we will open a Savings Account for you (or equivalent if no longer available) and will pay your initial deposit plus interest into that account.

### Additional information

There is no cancellation period with this account.

We do not deduct tax from any interest paid to you.

Tax benefits depend on individual circumstances and could change in the future.

**Definitions**

- **AER** stands for Annual Equivalent Rate. This shows you what the gross rate would be if interest were paid and compounded each year
- **Gross** is the rate of interest if interest were paid and not compounded each year

- the minimum monthly deposit is £25 per month
- the maximum monthly deposit is £300 per month
- if you don't pay in the maximum allowed in any month, you can carry over any unused subscriptions and catch up in future months.

How to manage the account
- once opened you can view your balance in our App or Online Banking. You can manage your account by phone.

Can I withdraw money? You can't make partial withdrawals.

If you choose to close your account before the end of the 12 month period you will receive interest up to the date of closure at our Savings Account variable rate.

At the end of the term the balance of your account together with any interest earned will be paid into one of the following accounts if you have one.
- Savings Account
- Everyday e-Saver.

If you have both of these accounts, we'll transfer your funds to the account that pays the higher rate of interest. If you have neither we'll transfer funds into your new Savings Account.

Additional information
A 14 day cancellation period applies to this account.
We do not deduct tax from any interest paid to you.
Tax benefits depend on individual circumstances and could change in the future.

Definitions
AER stands for Annual Equivalent Rate. This shows you what the gross rate would be if interest were paid and compounded each year.
Gross is the rate of interest if interest were paid and not compounded each year.
Rates correct as at 26 April 2019.

**Important notes**

We're covered by the Financial Services Compensation Scheme (FSCS) which can pay compensation to depositors if a bank is unable to meet its financial obligations. Most depositors are covered by the scheme and where necessary an eligible depositor can claim up to the current FSCS limit for deposits. For joint accounts, each account holder can claim their share so, for joint account held by two eligible depositors, each can claim up to the FSCS deposit limit i.e. 2 x the current FSCS deposit limit. The FSCS deposit limit applies to the combined amount in all the eligible depositor’s accounts with us including their share of any joint account(s), not to each separate account.

*first direct* and HSBC are both trading names of HSBC UK Bank plc. Customers who hold deposits with both will only be eligible to make one claim, up to the FSCS deposit limit.

For further information about the scheme including the current limits, amounts covered and eligibility to claim please visit the FSCS website fscs.org.uk or call them on 020 7741 4100 or 0800 678 1100.

Please note only compensation related queries should be directed to the FSCS.

**AER** The Annual Equivalent Rate (AER) is a notional rate which illustrates what the gross rate would be if interest was paid and compounded each year. Gross: This is the rate of interest if interest were paid and not compounded each year. Tax-free: Rate payable where interest is free from UK Income Tax and Capital Gains Tax.
